##### **AVAILABILITY**

Subject to limitations and restrictions contained in orders of the Michigan Public Service Commission in effect from time to time and in the Rules and Regulations of the Company.

##### **DEFINITIONS**

Facilities associated with the purchase, sale or supplying (for profit or otherwise) of a commodity, product or service by a public or private person, entity, organization or institution will be provided service by Michigan Gas Utilities under the General Service Rate.

If the facilities described above are combined with a residential facility, only the General Service Rate will be allowed. The Residential Rate will not be available in this instance.

If a customer is receiving service under the Residential Rate and it is determined that the facility is associated with the purchase, sale or supplying (for profit or otherwise) of a commodity, product or service, the Company reserves the right to change the rate classification to the General Service Rate.

Prior to making a rate classification change, the Company will endeavor to make a physical inspection of the facility to verify those findings that resulted in the need for a rate classification change. A service order will be issued by Michigan Gas Utilities.

Rate classification changes will be made by Michigan Gas Utilities, and the customer will be notified by means of a letter. The Company will not make any adjustments to the customer's previous billings for service received under the incorrect rate.
