

D4. RESIDENTIAL RATE - (General and Heating)

AVAILABILITY

Subject to limitations and restrictions contained in orders of the Michigan Public Service Commission in effect from time to time and in the Rules and Regulations of the Company.

DEFINITIONS

Facilities associated with the purchase, sale or supplying (for profit or otherwise) of a commodity, product or service by a public or private person, entity, organization or institution will be provided service by Michigan Gas Utilities under the General Service Rate.

If the facilities described above are combined with a residential facility, only the General Service Rate will be allowed. The Residential Rate will not be available in this instance.

If a customer is receiving service under the Residential Rate and it is determined that the facility is associated with the purchase, sale or supplying (for profit or otherwise) of a commodity, product or service, the Company reserves the right to change the rate classification to the General Service Rate.

Prior to making a rate classification change, the Company will endeavor to make a physical inspection of the facility to verify those findings that resulted in the need for a rate classification change. A service order will be issued by Michigan Gas Utilities.

Rate classification changes will be made by Michigan Gas Utilities, and the customer will be notified by means of a letter. The Company will not make any adjustments to the customer's previous billings for service received under the incorrect rate.

Minimum Payment Option (MPO):

This option is available for Residential customers who are faced with disconnection of utility service because of past-due utility bills. Customers will be given an option to pay a percentage of the total bill (arrearage and current bill) to avoid disconnection of service. The percentage will begin at 30%. It may increase or decrease for subsequent billing cycles by up to 10% for each succeeding month, but at no time will it exceed 60% of the balance as the minimum amount. If the customer pays the minimum payment option, and the following month the arrears still fall within the disconnection parameters, the customer will be given this minimum payment option again.

Other payment options include full payment, the Winter Protection Program and deferred payment arrangements.
